

# ELECTRIC TIPPER - BEV1700

Category	Characteristics	Dimensions
Chassis	Maximum travel speed (km/h)	25 km/h
	Hydroelectric power steering	2 front guiding wheels
Dimensions / Weight / Capacities	GVWR (kg)	From 3200 kg to 3300 kg (without driver) following equipment
	Pure weight (kg)	1 720 kg
	Turning radius between pavements	3 750 mm
	Turning radius between walls	4 155 mm
	Loading height tray	1 060 mm
Battery	Type	18.4 Kw, Li-ion Batteries
	Total voltage	102 V
	Time charge	Trickle charge : 6h plug 16A 220V
	Capacity	180 Ah
	Weight (kg)	210 kg
Tipper	Tip-up and removable side rails	Articuled
	Volume of tipper	1,55 m <sup>3</sup>
	Size inside tray	3,81 m <sup>2</sup>
	Material	Aluminium
	Height of the removable side rails	400 mm
	Angle of dumping	43°
Tipper option	Grid side extension	Height 562 mm
	Volume of the dumpster with extensions	3,7 m <sup>3</sup>
